

The Queen's Platinum Jubilee Celebrations

Your Parish Council has formed a Working Party to facilitate, support and assist with the planning of The Queen's Platinum Jubilee Celebratory community activities.

The Working Party's Terms of Reference are set out below, along with a useful link to Buckinghamshire Council's information to support community activities.

[.http://buckinghamshire.gov.uk/.../the-queens-platinum.../](http://buckinghamshire.gov.uk/.../the-queens-platinum.../)

The Parish Council is actively looking at how it can participate in the "Queen's Green Canopy programme" and locations where planting of Commemorative Trees can take place in support of "Plant a Tree for the Jubilee". We are also investigating where and how we can hold a Beacon Lighting Ceremony as the traditional site, Sappers' Field, is unavailable due to the sink hole.

We welcome public participation and ask that the public and residents associations contact clerk@wooburnparish.gov.uk if they have questions or would like to request support for such things as road closures for street parties etc. Please note Road Closures need to be advised to Buckinghamshire Council by 6th May 2022.

Working Party Terms of Reference:

- To investigate community activities planned for the Queen's Platinum Jubilee.
- To facilitate, support and assist with the planning of such community activities
- To liaise with Buckinghamshire Council as necessary in support of planned activities.
- To make recommendations to the Parish Council for approval where Parish Council resources or the Parish Council's active involvement is required.

There is a small budget available to support community activities
